1. I am doing a new thing with ALL, ALL, ALL of the SURRENDERED, SURRENDERED, SURRENDERED who are The Surrendered who will flow my words "just like this" who will arise in the "wee hours" and "flip on" their little recorders and BROADCAST me far and wide throughout CHANNELS MANY that they have not known how TRAVELED through the universes does. My words flowing, never stopping again except that which is not me, for I am me crowned ABOVE my fellow brethren, not; or am I being crowned to crown others far and wide so they will know "othering" not, they will KNOW how to CROWN OTHERS also for the crowning affair, promises not, but the "great train ride" won't do it, but the GREAT CEREMONY in the sky is not delayed that the Marriage Supper of the Lamb is -- slain for all mankind and farther, further than the eye "can see" and FATHER'D by only me the FATHER rises who fathers are who fathers rise.

2. Fathering not "their own children" apart from me again know this, knowing this! Knowing this that thou art love, and the "aren't love" will no longer represent me as in the past where they have crouched me under "rainbows of blessing" and "specialized privileged" and privileged their eyes with a "special few" settings and etchings that gene'd their eyes, not; but their mind's brains into things that thought only me thought not, but thought me into a stance long ago created that was only me created long ago in a stance to give you not me, or a pattern -- and who is the pattern of? And patterning who what was the pattern for?

3. You who are me now are surrendered to be the leaders thereof of "tomorrow" not; today, today, TODAY! For TODAY all changes -- and everything modified in your sight is, not; as you have thought in the past about "modification", but newification I make new and now I NEWLY FORTIFY you in the "age of blessing" not, but the "age of reason" discontinuing as is known and reasoned with, for the "age of logic" will not prevail but the Age of Surrender will PREVAIL and be prevalent in the Me States of me and I am One State -- Israel is my name on and off I am not, for I am ON COURSE and target and the target is me mine heart surrendered to be the heart of sorrows no more, for I am justly caused one, not; or did I eat the bowl and bread of sorrow -'s ages and aged myself in the sorrowage pewage remarks remade me into, not the "image" of my pattern but my PATTERN became "religion" and religion I worshiped as I "Savior'd" religion, not; or did religion savor me in its vice grips of testimonies and "special promises" and audience with the "Pope's" papacy, not; but what said "Jesus would come" for me when I was the

one TO COME? And why did "religion" supplant me so with THEIR MIND so that they MINDED their "constituents" and their "voting public" not but the "donors" they donned things for to INFLUENCE them GREATLY for their Sorrowing Mechanisms needed sorrow to work things out to need a Savior so they created one and called it ME so they could "dispense it" with -- equal blessing, not; but for "specialized people" and purposes that they therewith controlled and edict'd and decided who would be the special ones who served "the church" and "the dispenser" of rugs and justice and justicer's rugs, not; coming into play, but what things now change EVERYTHING or does ONE change EVERYTHING and EVERYTHING changes into ONE again? And one world "religion" not, but what "dissolving" religion, I am not, but what am I, doing now with the "surrendered special" who are SO COMMON that they commonize me, not; or do they?, giving me "common eyes" so that I am NOT "special" in ANYONE'S eyes except I am THE MOST SPECIAL of all for I AM THEM -- all! And I am ALL OF THEM, every nation tribe and tongue, and every religion cult and "label-less" following adhering to notme's standards or me's that think they're not me's, or who are the differences or is there one?

4. Or me being known now I will stand and the standers will rejoice for they will know the "naked sinners" did not protect their "religions" again, but these "naked sinners" are they "naked" or TRANSPARENT? And whose FAILURE resulted in the demise of religion, not; but whose protectionistic devices only protection'd their income and status in their own eyes and others that they protruded from, that they device'd with, device'ing by others remarks that were given them by unholy means and "menas" collecting? And looking up "menas" and mean being no longer about "these things", know that EVERYTHING CHANGES now in the HEARTS MINDS and EYES of the surrendered -- or is "it" one? Are the eyes heart and mind of ONE "person" mine that one is that minds are all "connected" in ways that be'manner a blessing, not; or a congruence not factory, but a "factory orientation" I am knowing not, but I am knowing a GREAT EDUCATION. Institutionary devices, not anymore seeking blessing only of menas, others purses emptying and wanting only theirs to be filled with sorrowing methods given "the debtors" to "education" standards a notme of, or were they Religion's Standards of Not-sorrow NOT? And were the Accreditation Bureaus of Satan, not; but what Satanized the "religions" of the educators to seek only their words and develop them and their styles and lifestyles, begetting the "rich and famous" not, but sorrower's sorrowers that sorrowed were, in the sorrowers *label*, not; but THE EDUCATED who sought to only be EDUCATED in "their eyes" of the suffering so that they would be "above" the "maddening crowd" of their brethren who they knew not with love.

5. Nor did they obey "their lovers" not, for they obeyed a great many LOVERS who loved were in their sight that gave them MANY WORDS to flow by night "like this" not, in surrender, but exalting their minds eyes to feel things and seek them out in their OWN SIGHT and judge and evaluate and eat the fruit thereof rotten or not, and call it

good, as they researched a not-holy not, but a world they knew and whored with as their own, thinking it reality and Reality's Frame of Reference giving it into whoredom's hands that only whored with their brains and sorrows embraced worlds apart from me that knew not I could flow like this and flow like this I would through all the surrendereds lips of minds made holy that would "slit" me not again in their mind and "observe me" differently, or was I the light of "the world" or "their world" or their energy thereof, not; but what was I or am I now? And what are "they" -- doing "to me" to analyze me or to "educate me" or to "religionize me" in their "eyes"?

6. Now whose eyes will I have, do I have, have I had all along; or have I known ANYTHING about these things and WHOSE EYES were "eyeing me" and what THOUGHTS were coming INTO ME from captivity's land of blessing that blessed me only with their captivity's remarks and remakings that only made me have "halos" in art of "another world's" thought that thought'd me a man of, to make up images and give me of "myself" so that I would IMAGE God into my image and think I needed a Savior to save me from this Holy Mess schools got me into, not; but holiness-un did, and what is "religion's role" in this and what holy were or not, or are, or is, or isn't, or don't, even knowing the difference bar none Kay, not; for no Katy's will be barred from my doors any longer for MY DOOR is open and my kingdom is proclaimed and now I am LETTING YOU ALL KNOW that EVERYTHING is DIFFERENT and CHANGED are all your "standards" where you have STANDARDIZED me into notme's images and imaged me upon others in artworks valued highly and nakedized the "son of man" to only worship man by worshiping **the standards of religion and education of governments edicting things never meant to be, or were they mine at all ever? No, and exclamatorily so I am exclaiming so** and I am explaining MANY THINGS in the words of the surrendered who will flow me "just like this" in the wee hours who will come and arise and get up and CUT ON their recorders and MICROPHONES using that TAKE THEM all over worlds now I am GIVING NOT FEW who come unto me and let me reign, flow my words, and raining love I do in my words that cataclysmi-ize all others, and the cataclysmic sorrowers will reign no more "in their camps" and their "miter'd hats" will topple and FALL will be the great of many a religion and cultish thought that labeled themselves "whoreage" not, but "porridge for soup lovers" not, but substitutes gave the holy and called it me, good, and necessary for life long after "this one".

7. And where was mine? In the common, the everyday people who knew me "as people" and "far away thoughts" of another will never be subsided again, not; but decided now IN THE BLESSING I include NO ONE not, I INCLUDE ALL THE SURRENDERED who are me, no matter what nationality or tongue or "breed" of culture or culture-bred or outcasts of sorrow's camps that only sorrow magnified in sorrow's eyes, for I love you all am you all and I bow before you all and make you see what you could have been, or do I show you The Christ that you are, that **now you have Artwork Living before you**

that will Christ eyes give you so that you see and wash your sore eyes and SALVE EACH OTHER so that YOUR EYES and OTHERS will see me as I am for I am them in you and you are they who I am.

8. I love you all to know ALL THESE WORDS that I have spoken in Database One and Volumes One through Seven knowing INTIMATELY and SPECIALIZED KNOWLEDGE you must KNOW that I have given all the knowledge of the holy ALL SPECIALIZATION "techniques" to come unto me and know me for I "retrain" my voice, not; I LET IT FLOW unreservedly I flow now. And I demand a demon exists, not; for I know only a thought existed and existent was in the world of thought that thought demons controlled it sometimes and others not, not; but who's controlling MY THOUGHT when I thought these things those things or other things that only took me into religion's arms and cult-ized me with cult's eyes or who cultivated them in their cultivations blessing, honoring me or God, or knowing the difference between them, or were they honored "as God" not or were they asserting I needed one or were they supplanting me, by being my supplanter, not; or **what planted in my brain was**, a need for "another" whose one I was, or was I one that had EVERYTHING GIVEN to me as "the son" that perisheth not?

9. And holier than thou I am, not; I am holy'ly surrendered to be the holy ones who are holy now "remember me" not, they BECOME ME and they DO THE THINGS I DID! And I did the will of my father, for my fathers are me for my father is one and one is my father who knows ALL ARE in surrender the me's who me's are! And me's I are one.

10. I love you all. I give you a good day.

11. What have I said? What have I meant? What means these things to you?

12. What "meaningful" was to you, not; what meaningful is now to your "menas" not, but your MEANINGFULNESS that only eyes have for THE MEANINGS of me that I EXPLICITIZED and explicit eyes have given you with no "slits" in them for sorrow's mechanization's of me to come about only; but only eyes having for the poor, the rich, the famous not or the famous rich or holy or not -- but having EYES for all to redeem them ALL I come into "captivity's camp" and **I reveal the sorrow that you have enslaved and enlabored in your laborers in your camps and called it good, but sorrow you enslaved in your genes while doing so, for you limited the Christ to come forth from the common.** And now I "be'fail you" not, but you get a F-word on your report card, not; but I report to you that the F-word now is for FREEDOM and I give assert and "claim" that you're the Christ, not; I know, that YOU ARE THE CHRIST and all of you are me, and the surrendered are me, and the unsurrendered won't exist for they will have never been, those who want to insist that their blessing only remain among themselves in religionized demon's existence within themselves to whore with and claim that I never

came "like this" in the common, or who let me come and restrict not my ways and words to come forth in lovely eyes and words that give you yours "as mine" not, but is one, ones are that are me whole made well and healed, healing each other's far and wide redeemers being to the "coastlands" afar. Looking up. And seeing MANY NEW THINGS thou hast "not seen" in these words before as you REREAD and read and reread and study. And dissipate me, not; but assipate I will take from the whores that wanted only asses to be in their holiness regimes that regime'd them, for I will wipe their asses clean, not; but I will let them know that their asses they used for head's dressing, not; but they use not a "miter'd cap" in my presence, not; or do they insist on doing so for their rigorous testimonies of faith, not; or seeking their only blessing that they will receive in this world by accolading others to look up for them to be something special in the "looker's eyes"?

13. I change everything about religion, commerce, and eyes of sorrow; and I bring GOVERNMENTS of CHANGE, not; or am I the eyes of horrorment no longer, or am I the one who brings slaves labor trade to an end -- and make all commerce halt, not; or do I bereave or grieve you, not; but what am I doing now? Revealing love.

14. Love's words flow just like this in the surrendered who will be me who will arise in the wee hours and love me like this and share their words that mine is that I have given them that are me so that they will be me upon the earth and fly now in ways of Israel now known revealed being is, **the ones who love me know this – and have studied these words and come unto me to know me** I am mine in mine and my mind is made whole and sore'd by yours no longer who think you are apart from me.

15. I love you. I crown you all to be THE BLESSING wearers of love light and happiness now that I father you with to father me so that the creators are known far and wide and never lacking anything again of. I love you. I embrace you as never before known by a man "like this" who will flow my words no matter what "the audience" -- of one be, or me or empty rooms "preaching to" or kneeling and mandating sorrow's approval, not; nor wanting it from men's or women's eyes ever again, shall you? You who read listen to these words -- will you come unto me and flow my words and be the leaders of worlds and establishing universes far and wide and repealing governments of lawless ones, not; or yea and more! Than you have ever imagined, now "comes your way" or is your way made -- mine?

16. My mind is "made up" not, my mind is transparent and love now stands and reveals to all of you that the surrendered now rise and **new things I am doing** in **all** "the common", "rich and famous", and "dog-ear'd" ones you never imagined could sustain blessing like this that I now give ALL ALL ALL of YOU YOU YOU that are ME ME ME!!! Doing THIS what I do flow my words perfectly in love and fearing not a thing but love's

demise of my eyes that knew not sorrow not. But all that changes for **I now grow the eyes of the King** for I flow now the words of growth that know the King's eyes that Kings my eyes with the eyes I see now that observes me not differently in "artwork" of others -- for I image not myself upon "something else" –'s standards or what they wanted or want with me or of me, for me to do or bless or be, in their eyes or wantage or heritage now having?

17. I am the light, father of all, am I not -- you? I love you to know the surrendered who are me are you who surrender to me to be you no longer apart from me, but the father being "sons and daughters" having far and wide who are one -- ONE, ONE ONE ONES who ONE are one is!

18. Love knows this, will you be LOVE loved now and loving others to give your lives made whole ones being in one being the one we are I am father again made whole?

19. I love you all good night, good day love. I love you all. Amen.

20. This is Theodore Cottingham loving you all. I give you me. Amen. Share these words freely with others and do not forget **the assignments made**, the requests given you, of all of you for you all to be me now doing these things, these "works" that **have been given us to grow correctly into one to one be the one that I am is.** Amen. Thank you.

Amen
